The Di-Astrum Candlenut Recessed Downlight is ideal for retail outlets, displays, offices, corridors and commercial buildings. This IP20 fitting consumes just 30W and produces 1945 Lumens. This stylish downlight is provided in 4000K, and comes with a 5 Year Warranty. Utilising Cree LED chips, this product is ideal for a multitude of indoor applications where aesthetics is important especially retail shop spaces. The hinging system and rotating ring allows for 360° turn and tilting for maximum directional control.
